## Answer Key

For parents — fold this page back or cut it off before giving the worksheet to your child.

1. **A** The arrow turns 90° clockwise each time.
2. **B** One dot is added each time: the next picture has 5 dots.
3. **A** The shading repeats: white → grey → black.
4. **C** The shape gets smaller by the same amount each time.
5. **D** The arrow turns 90° clockwise each time.
6. **C** One dot is added each time: the next picture has 5 dots.

### Parent tip

Ask your child to explain WHY they chose an answer — reasoning aloud builds the skill faster than the score itself.
